ABOUT ME

I'm a driven Software Engineering student with a strong passion for building smart, efficient solutions through code. With a solid foundation in software development, systems analysis, and hands-on project experience, I'm eager to take the next step in my career. I'm currently seeking an Associate position where I can apply my technical skills, learn from industry experts, and contribute to innovative, real-world projects. I'm especially excited about joining a forward-thinking company where I can grow, make an impact, and be part of a collaborative team.
